### How To Use A 3D Printer - Revised

3D printing is becoming an increasingly important technology in many manufacturing industries and the course How To Use A 3D Printer introduces you to the hardware and software technology involved in 3D printing. The course begins by introducing you to the hardware used in 3D printing. You will learn about the different plastic filaments that are used and you will pick up tips on how to feed the plastic filament into the 3D printer for optimal performance.

## Modules Studied

**Module 1:** Introduction to 3D Printing

**Module 2:** Course assessment
