National Institute of Technology, Raipur

Congratulations!

Dear Student,

We are extremely happy to hear that you have achieved the Milestone, completing all **6 Skill Badges** of *Track 1: Cloud Engineering Track*. We are so excited and can't for you to receive your prizes.

Please note that your prizes will be delivered to you after the program ends i.e. 5th November, 2020. Meanwhile we request you not to stop your learning journey and keep on working to get more skill badges on Qwiklabs using your remaining credits so that you become an expert in cloud.

As always, feel free to reach out to us on our discord server ([invite link](#)) in case of any questions or queries.

Happy Learning,
Viren Khatri,
30 Days of Google Cloud Facilitator.
